DOWNRIGGER INSTRUCTIONS

Congratulations on your purchase of the Power-Pole® Downrigger.
To add the Power-Pole Downrigger follow these simple step by step instructions.

INSTALLATION

STEP 1 Install the mounting stirrup

Remove the 2, 1/4" bolts from the knuckle of the Power-Pole. **FIG. 1**

STEP 2 Attach the Downrigger Stirrup mount to the knuckle using the supplied hardware. This hardware needs to go in the correct order to ensure the stirrup mount does not damage the knuckle or vice versa. **FIG. 2**

NOTE: If attaching to a Power-Pole Blade use long plastic spacer (C) for all other Power-Pole models use the short spacer.

Proper hardware order:

- Flat Washer **A**
- Stirrup Mount **B**
- Plastic Spacer **C**

Slide the bolt through the knuckle then repeat for the other side.
Tighten the bolts down until they are snug, there is no need to over-tighten bolts.

DOWNRIGGER INSTRUCTIONS (continued)

STEP 3 Attach the Carabiner Clip to the Stirrup Strap as illustrated in **FIG. 3.1**

STEP 4 Finish by sliding the Downrigger spike clamp up onto the Power-Pole spike and screw black wing screw tight with bushings (D) in place.

NOTE: Bushings (D) not required for Blade models spike clamp. **FIG. 3.2**

NOTE: Before tightening wing screw, make sure to keep Downrigger cables tight as shown in FIG. 3.3

Product Quality Assurance

JL Marine Systems, Inc. assures that this product is made with the finest quality materials and is free from manufacturer defects. Please inspect this product immediately prior to installation. If defects are apparent, please contact JL Marine Systems, Inc. Warranty Department at 813-689-9932 immediately.

Please read all instructions carefully for proper product installation. JL Marine Systems, Inc. is not responsible for improper installation of product.
